

Sophia Ner (She/Her) 3rd Year Materials Engineering Student

sophianer@gmail.com | 236-984-4260 | [LinkedIn](#)

Vancouver, British Columbia

TECHNICAL SKILLS

Computer

- Microsoft Office
- MATLAB
- C/C++
- LaTeX
- AutoCAD

Tools and Techniques

- Hand and Power Tools
- Band Saw
- Chop Saw
- Drill Press

Materials Testing

- Tensile Testing
- Hardness Testing
- Impact Testing
- Fatigue Testing

EDUCATION

University of British Columbia

Bachelor of Applied Science - Materials Engineering

Expected April 2029

Co-op: Available for 4-8 months beginning September 2026

GPA: 87%

Relevant Course Work:

- Thermodynamics of Materials: 98%
- Engineering Materials: 80%
- Engineering Materials Lab: 85%

WORK EXPERIENCE

Jumpstart UBC, Vancouver, BC

August 2025

Orientation Leader

- Mentored over 30 first-year engineering students, fostering a smooth transition to university through guidance and support
- Facilitated icebreakers, team-building activities to encourage collaboration between students, and led a tour of the UBC campus, helping students integrate into the UBC community

Long and McQuade, Vancouver, BC

June 2025 – August 2025

Instrument Technician

- Cleaned and maintained 100+ rental and school-owned woodwind instruments, ensuring proper sanitation for student and customer use
- Worked independently to complete tasks efficiently while maintaining high standards of accuracy and reliability

VOLUNTEER EXPERIENCE

Math Tutor - Lord Byng Secondary School, Vancouver, BC

September 2022 – June 2024

Tutor

- Provided one-on-one and group tutoring to help students aged 14-18 enhance their understanding of mathematics concepts and performance in their class

THE UNIVERSITY OF BRITISH COLUMBIA

Co-op Program
Faculty of Applied Science

COOP.APSC.UBC.CA
604-822-3022
apsc.coop@ubc.ca

- Adapted tutoring strategies to meet individual learning needs, leading to improvements in problem-solving skills
- Encouraged strong study habits by coaching students on effective time management and exam preparation

TECHNICAL PROJECTS

Arduino Musical Instruments, Personal Project

August 2025

- Designed and built electronic musical instruments using input devices such as potentiometers and 4x4 keypads
- Developed and tested circuitry using Arduino and code in C++, created simulations in TinkerCad

Tennis Ball Trebuchet, Lord Byng Secondary School

April 2024 – May 2024

- Acquired proficiency in using hand and power tools to create the wooden frame of the trebuchet
- Designed and iterated the release mechanism such that the tennis ball could consistently hit the same target multiple times in a row within a 5-meter range
- Collaborated with a group of three students, applying engineering design principles to meet design requirements

AWARDS

BC Scholarship Society: Women in Technology Scholarship	2026
John H Reid Memorial Scholarship	2025
BC Achievement Scholarship	2024
Fine Arts District/Authority Scholarship	2024
Vancouver Symphony Orchestra Future of Excellence Finalist Award	2024

INTERESTS & ACTIVITIES

Music

National Youth Orchestra of Canada, Cellist	June 2026 - August 2026
University of British Columbia Symphony Orchestra, Cellist	October 2025 - April 2026
Collaborative Cellist, UBC University Singers	January 2026 - May 2026

Sports

UBC Casual Baseball Club, General Member	September 2024 - Present
